E-Series Kinematic Optical Mirror Mounts

- Essential Mount for Experiments and OEM System
- Economic Price
- 0.5"- 4.0" Dia. Versions Available
- M6 x 0.25 (101.6 TPI) Adjustment Screws

Common Specifications

General

| | | | |
|------------------------|----------|-------------------------------------|---|
| Type of Optics: | Circular | Number of Adjustment Screws: | 2 |
|------------------------|----------|-------------------------------------|---|

Physical & Mechanical Properties

| | | | |
|----------------------------|--|-------------------------------------|------|
| Construction: | Aluminum Plates, Stainless Steel Screws, and Brass Thread Bushings | Fine Tilt Angle (°): | ±3.5 |
| Fine Tip Angle (°): | ±3.5 | Adjustment Screw Pitch (mm): | 0.25 |

Threading & Mounting

| | |
|-------------------------|--------------------------|
| Compatible Post: | M6 x 1.0, M4 x 0.7, 8-32 |
|-------------------------|--------------------------|

Technical Information

Products

| Type of Optics | Size of Compatible Optics (mm) | Optical Axis Height | Stock Number | Price | Buy |
|----------------|--------------------------------|---------------------|-------------------------|----------------------------|----------|
| Circular | 12.5 - 12.7 | 25.40 | #15-865 | €39,50 Qty 10+ €37,60 | 3-4 days |
| Circular | 25.0 - 25.4 | 25.40 | #15-866 | €39,50 Qty 10+ €37,60 | In Stock |
| Circular | 50.0 - 50.8 | 38.10 | #15-867 | €89,00 Qty 10+ €84,50 | In Stock |
| Circular | 75.0 - 76.2 | 50.80 | #15-868 | €219,00 Qty 10+ €208,00 | 3-4 days |
| Circular | 100.0 - 101.6 | 63.50 | #15-869 | €279,00 Qty 10+ €264,60 | In Stock |
