## Product Details

- Color-Matched for all Infinity Corrected Objectives
- Compatible with Full-Frame 35mm Sensors
- Maintains Perfect Parfocal Performance
- Requires One Objective and Adapter for Use

InfiniTube™ Ultima Microscope Tube Lenses are simplified versions of the Infinity InFocus™ Modules. Except for the InFocus' expanded dynamic focusing, all three color-corrected Ultima modules share the same optics and accessories - flexibly accommodating even the largest formats for increased resolution.

**Note:** Adapters and accessories not included. One objective and adapter required for use.
