### General

Type:

Benchtop

Compatible Laser Models:

[1101](#), [1101P](#), [1103](#), [1103P](#)

Model Number:

SL92 Series

Compatible Laser Stock Number:  
#62-718, #62-719, #64-103, #64-104

Features:  
Turn Key, CDRH Delay (3-5 seconds)

Physical & Mechanical Properties

9.00 x 5.50 x 2.38      Dimensions (inches):

Electrical

8.33      Output Power (W):

0.55/0.32      Input Current (A):

Hardware & Interface Connectivity

1700      Output Voltage (V):

4.9      Output Current (mA):

High Voltage Alden Connector      Connector:

100/110/220 (AC)      Input Voltage (V):

Regulatory Compliance

[View](#)      Certificate of Conformance:

Product Details

- Power Options from 0.5 - 22.5mW
- Improved Stability
- Ideal for Interferometry and Metrology Applications
- Random or Linear Polarization Options

Lumentum High Performance Helium-Neon Lasers feature a patented close-cathode design that provides improved thermal and power stability. They also utilize a patented field concentrator design that enables fast turn-on. These Lumentum HeNe lasers also feature precisely aligned cylindrical housings, with cylindrical laser heads and electrical interconnect systems used to simplify system integration. Lumentum High Performance Helium-Neon Lasers' rugged design is ideal for even the most demanding applications. They are exemplary for use within interferometry and metrology applications.

**Note:** Please exercise caution when using a user-provided power supply to not exceed the electrical specifications of the laser as this may cause damage and void the warranty. These HeNe lasers comply with 21CFR1040 and IEC 825-1:1993. Lumentum was previously known as JDSU.
