Product Details

- Easily Secure [Prisms](#) or [Cube Beamsplitters](#)
- Adjustable for Optics up to 55mm
- Rotary Version Offers Manual 360° Rotation

English Prism Mounts feature a steel post and anodized aluminum arm which eliminates obstructions in the optical path while still maintaining a secure position on the optic. Ideal for prisms and cube beamsplitters with a maximum height of 55mm, this prism mount features a V-cut clamp made of scratch resistant Delrin® to prevent damage to optics. The Prism Holder is also available as a complete assembly with the [Rotary Optic Mount](#), which allows smooth manual 360° rotation of the prism. English Prism Mbunts have a locking knob that keep prisms securely positioned for increased repeatability.
