White 300 x 300 Flat Dome Light

A square aluminum frame with a central circular opening, held together by four yellow corner fasteners. The frame is made of silver-colored aluminum extrusion. The central opening is a circular hole with a slightly raised, metallic rim. The four yellow corner fasteners are L-shaped, designed to slide into the T-slots of the aluminum frame to secure the central panel. The entire assembly is shown against a dark, reflective background.
